

NINA PETROV

nina.petrov@email.com | Berlin, Germany

SUMMARY

Machine Learning Engineer with 2 years of experience. Strong Python skills, experience with PyTorch and basic NLP models. Working toward production ML expertise.

EXPERIENCE

Junior ML Engineer — AI Scale-up (2023–Present)

- Trained and evaluated classification models using PyTorch
- Worked with Hugging Face transformers for sentiment analysis
- Basic experience with MLflow for experiment tracking
- No production deployment experience yet

Data Science Intern — Analytics Firm (2022–2023)

- Performed EDA and feature engineering on tabular datasets
- Built predictive models using scikit-learn
- Created data visualisations with matplotlib and seaborn

SKILLS

- ML: PyTorch, scikit-learn, HuggingFace (basic), Pandas, NumPy
- Languages: Python, SQL (basic)
- Tools: MLflow (basic), Jupyter, Git
- No LLM API or MLOps production experience

EDUCATION

MSc Data Science — TU Berlin (2021–2023)

BSc Mathematics — Humboldt University (2017–2021)
